**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please allow the free market for competition. It allows then universal right to freedom of choice for fiber wire options for phone and internet . It makes phone and television affordable for those whom are home bound and or on a fixed income. Lower price options make low income family enjoy access to television and phone as well as enhance ability to have nutritious food. I can only afford the competitive price as as a widow with one income. Please don't stop broadband.
